HARVESTED - STAND: Oct 28 167.6 /A

TEST COMMENTS:

Very uniform looking plot, with over 15 inches above normal rainfall this year. The plot had good drainage and performed well. Dry down has been a challenge this fall, and we were fortunate to have sun during harvest. Plants were well matured, and stood 27 to 35 inches tall. Pod sets were good with large seed size. There was a small amount of weed pressure, and some varieties did show pod splits on the very top of the plants.
